APHASIOLOGY

EDITORS

CHRIS CODE
School of Speech Pathology, Leicester Polytechnic, Scraptoft Campus, Scraptoft, Leicester LE7 9SU, UK

DAVE MÜLLER
The Suffolk College of Higher and Further Education, Rope Walk, Ipswich IP4 1LT, UK

North American Editor: **ROBERT MARSHALL**
Veterans Administration Medical Center, Speech-Language Pathology, Portland, Oregon 97207, USA

Associate Editor: **Jason W. Brown**
66E. 79th Street, New York, NY 10021, USA

Associate Editor: **Yvan Lebrun**
Head of Department, Neurolinguistiek, Vrije University, Brussels, Belgium

EDITORIAL BOARD

James L. Aten, Veterans Administration, Long Beach, USA
Hugh W. Buckingham, Louisiana State University, Baton Rouge, USA
Sally Byng, National Hospitals College of Speech Sciences, London, UK
S. F. Cappa, Clinica Neurologica dell'Università di Brescia, Italy
Roberta Chapey, Brooklyn College of The City University of New York, USA
Rachel David, School of Speech Therapy, City of Birmingham Polytechnic, UK
G. Albyn Davis, University of Massachusetts, Amherst, USA
Andrew Ellis, Department of Psychology, University of York, UK
Margaret Fawcus, The City University, London, UK
G. Gainotti, Università Cattolica del Sacro Cuore, Rome, Italy
Audrey L. Holland, School of Medicine–Eye and Ear Hospital, University of Pittsburgh, USA
Andrew Kertesz, St Joseph's Hospital, London, Ontario, Canada
A. R. Lecours, Centre Hospitalier cote-des-Nieges, Montreal, Canada
Ruth Lesser, Department of Speech, University of Newcastle upon Tyne, UK
Lise Menn, University of Colorado, Boulder, USA
Bruce E. Murdoch, University of Queensland, St Lucia, Australia
Jean Luc Nespoulous, Université de Toulouse le Mirail, Toulouse, France
Maria Pachalska, Akademia Wychowania Fizycznego, Krakow, Poland
Klaus Poeck, Department of Neurology, RWTH Aachen, Germany
S. Sasanuma, Tokyo Metropolitan Institute of Gerontology, Japan
Cynthia Shewan, American Speech–Language–Hearing Association, Rockville, USA
V. Shklovsky, Moscow Psychiatric Research Institute, USSR
Ronald S. Tikofsky, Medical College of Wisconsin, Milwaukee, USA
Peter Wahrborg, Department of Psychology, Gothenburg University, Sweden
Claus-W. Wallesch, Department of Neurology, Freiburg University, Germany
Dorothea Weniger, Universitatsspital Zurich, Neurologische Klinik, Switzerland
Robert T. Wertz, Veterans Administration, Martinez, USA

APHASIOLOGY

CONTENTS OF VOLUME 5

NUMBER 1 JANUARY-FEBRUARY 1991

Major Review

On the measures of fluency in the assessment of spontaneous speech production by aphasic subjects
Pierre Feyereisen, Agnesa Pillon and Marie-Pierre de Partz **1**

Papers

The effect of physical similarity on pantomime recognition in aphasia
Jennifer D. Lambier and Dianne Bradley **23**

Communicative aphasia treatment as a further development of PACE therapy
Friedemann Pulvermüller and Volkbert M. Roth **39**

Varieties of errors produced by aphasic patients in phonemic cueing
Edith Chin Li and Gerald J. Canter **51**

Case Studies

Aphasia rehabilitation with a case of agrammatism: a partial replication
Guylaine Le Dorze, André Jacob and Louise Coderre **63**

Language and speech in a case of perivenous encephalomyelitis
Yvan Lebrun, François Devreux and Jean-Jacques Rousseau **87**

Book Reviews

Fundamentals of Human Neuropsychology, 3rd Edition.
by B. Kolb and I. Whishaw (Reviewed by A. Parkin) **97**

Discourse Ability and Brain Damage
by Y. Joanette and H. H. Bromnell (Reviewed by K. L. Bryan) **97**

Errata **99**

Acknowledgements **101**

Announcements **101**

NUMBER 2 MARCH-APRIL 1991

Major Review

The functional basis of speech automatisms (recurring utterances)
Gerhard Blanken **103**

Papers

Foreign accent syndrome: behavioural and anatomical findings in recovered and non-recovered patients
Marcelo L. Berthier, Adelaida Ruiz, Maria I. Massone, Sergio E. Starkstein and Ramon C. Leiguarda **129**

Reference, sense and antonymy in the assessment of lexical semantic abilities in aphasia
Rosemary Varley **149**

Word fluency tasks: a preliminary analysis of variability
Mary Boyle, Carl A. Coelho and Michael L. Kimbarow **171**

Case Study
Persistent Aphasia following a purely subcortical lesion: a magnetic resonance imaging study
Bruce E. Murdoch, Meredith Kennedy, Wendy McCallum and Kenneth J. Siddle **183**

Short Report
Communication strategies: the therapist as the dominant partner
Grazyna Sobiecka-Koszel **197**

Book Reviews
Mutism
by Y. Lebrun (Reviewed by Maria Pachalska) **201**

A Neurocomputational Perspective: the Nature of Mind and the Structure of Science
by P. M. Churchland (Reviewed by Chris Code) **202**

Theoretical Perspectives on Language Deficits
by Y. Grodzinsky (Reviewed by Martin J. Ball) **204**

NUMBER 3 MAY-JUNE 1991

Tutorial Review
Language cortex
Andrew Kertesz **207**

Papers
Two contrasting cases of fluent aphasia in children
Philippe Paquier and Hugo R. Van Dongen **235**

Syntactic priming in Broca's aphasics: evidence for slow activation
Henk J. Haarmann and Herman H. J. Kolk **247**

Communicative functions of automatic speech in non-fluent dysphasia
Kathleen M. McElduff and Sakina S. Drummond **265**

Why are Wernicke's aphasia patients older than Broca's?
A critical view of the hypotheses
Patrick Coppens **279**

On the nature of conduction aphasia: a longitudinal case study
Jack Gandour, Robert C. Marshall, Sue Young Kim and Sandra Neuburger **291**

First Announcement: Second European Conference on Aphasia **307**

NUMBERS 4 & 5 JULY-OCTOBER 1991

Special Issue: Fourth International Aphasia Rehabilitation Congress—Edinburgh, 4–6 September 1990

Editorial
Christine M. Skinner and Elizabeth C. Dean **309**

Papers
Keynote Paper
Aphasiology 1990: a view from the colonies
Robert T. Wertz **311**

Keynote Paper
Communicative behaviour in aphasia
Pierre Feyereisen **323**

Deep Dyslexia: theoretical implications for reading and rehabilitation
E. Andreewsky, M. Desi and C. Parisse **335**

Communicating with pictographs: a graphic approach to the improvement of communicative interactions
Brigitte Bertoni, Anne-Marie Stoffel and Dorothea Weniger **341**

Cognitive approaches to writing rehabilitation in aphasics: evaluation of two treatment strategies
Sergio Carlomagno, Anna Colombo, Paola Casadio, Serena Emanuelli and Carmelina Razzano **355**

Aphasia in an artist: a disorder of symbolic processing
B. L. J. Kaczmarek **361**

Conversational dynamics between aphasics
Anu Klippi **373**

Short Report
Contextual influences during comprehension in aphasia
Robert S. Pierce **379**

Papers
Aphasia therapy dialogues
Minna Silvast **383**

How efficacious is PACE-therapy when 'Language Systematic Training' is incorporated?
L. Springer, R. Glindemann, W. Huber and K. Willmes **391**

Multiple Oral Rereading technique in rehabilitation of pure alexia
Jyrki Tuomainen and Matti Laine **401**

The use of a prosthesis to facilitate writing in aphasia and right hemiplegia
Renata Whurr and Majorie Lorch **411**

Expressive language recovery or improved communicative skills: effects of P.A.C.E. therapy on aphasics' referential communication and story retelling
S. Carlomagno, N. Losanno, S. Emanuelli and P. Casadio **419**

Short Reports

The efficacy of modelling in PACE-therapy
R. Glindemann, K. Willmes, W. Huber and L. Springer **425**

Laterality orientation drawing evaluation test (LODET). Evaluation of stroke patients in comparison to normals
Henryk Knapik **431**

Four weeks of intensive aphasia treatment and four weeks of no treatment
Catherine Mackenzie **435**

The effects of cueing on naming performance
Mark Mizuko and Melanie Martin **439**

Discourse exercises in aphasia therapy: a case study
Emilia Osiejuk **443**

A neurocybernetic model of image processing
Maria Pachalska **447**

Group therapy to encourage communication ability in aphasic patients
Vesna Radonjić and Nada Rakušček **451**

So-called parietal symptoms associated with post-traumatic aphasia
E. Scherzer and R. Simon **457**

Poster Presentation Abstracts **461**

Abstracts of other papers presented **478**

NUMBER 6 NOVEMBER-DECEMBER 1991

Papers

Patterns of speech and language recovery following left striato-capsular haemorrhage
Meredith Kennedy and Bruce E. Murdoch **489**

Auditory vigilance during divided task attention in aphasic individuals
Leonard L. LaPointe and Robert J. Erickson **511**

Whole-word training therapy in a stable surface alexic patient: it works
Rhonda B. Friedman and Susan R. Robinson **521**

Goal recognition in aphasia therapy
F. van Harskamp and E. G. Visch-Brink **529**

Clinical Forum

Group therapy for aphasia patients
Maria Pachalska **541**

Managing group therapy: further considerations
Maggie Fawcus **555**

Group therapy for aphasic patients: let's show it works
James L. Aten **559**

Facilitating group rehabilitation
L. Springer **563**

Aphasia group treatment, a commentary
F. L. Loverso **567**

The holistic approach to rehabilitation: a commentary
Marjatta Repo **571**

Reply
Group therapy: a way of reintegrating patients with aphasia
Maria Pachalska **573**

Short Reports
The effects of age, educational background and sex on confrontation naming in normals; principles for testing naming ability
H. Kremin, G. Deloche, M.-N. Metz-Lutz, D. Hannequin, M. Dordain, D. Perrier, D. Cardebat, I. Ferrand, C. Larroque, E. Naud, B. Pichard and G. Bunel **579**

Prognostic factors for return to work in stroke patients with aphasia
S. Ramsing, C. Blomstrand and M. Sullivan **583**

Theoretical Notes
Artistic activities in the rehabilitation of aphasic individuals
Anton Leischner **589**

On the role of drawing in the rehabilitation of aphasia
Roberto Cubelli **591**

Book Reviews **593**

Acknowledgements **599**

Books Received 1991 **600**

Index of Authors **601**
